

Focus On Manufacturing All Kinds of fabrics

Changzhou Kingcason Printing and Dyeing Co., Ltd.

Company Introduction

Changzhou Kingcason Printing and Dyeing Co., Ltd. was established in 2013. It is located at No. 15 Fuchunjiang Road, Xixiashu Textile Industrial Park, Xinbei District, Changzhou City, Jiangsu Province. It is a company integrating weaving, dyeing, printing, finishing and trading, specializing in the production and processing of chemical fiber fluffy textiles. A new technology private enterprise for fabrics, mainly producing flannel fleece, coral fleece, shu velvet, sherpa, Arctic velvet, milk fleece, PV fleece, super soft series, daily fleece fabric 80T to 100T, the fabric is suitable for clothing and household products, toys and other fields. The deeply processed fabric has antibacterial, flame-retardant, antistatic and other functions, and has OEKO-TEX certification, DETOX certification and other certificates. The factory covers an area of 43,000 square meters, the workshop area is nearly 30,000 square meters, and the whole plant has nearly 300 employees.

The company has a complete set of dyeing, printing and finishing equipment lines. In order to maintain the competitiveness of products, the company attaches great importance to the research and development of new products, equipped with advanced professional equipment and rigorous and realistic technical personnel. The research and development work focuses on the development trend of new fabrics and technologies in the international market, responds to the needs of customers, and continuously introduces new products. In recent years, the company has invested tens of millions of yuan in upgrading sewage and waste gas treatment equipment, and its indicators are far superior to the national emission standards.

Kingcason adheres to the management theory of "Science and technology as the priority, quality as the backing, and reputation as the guarantee", adheres to the tenet of "continuous creation of customer value and green economy", and adheres to the first-class quality and good reputation. Customers create the path to success together.
